Prison University Project

- PUP is a non-profit (501(c)(3)) organization that provides free, accredited community college education to inmates at San Quentin State Prison, in San Quentin, CA.
- As a member of the advisory board (Aug. 2002 - Aug. 2005), I helped set policy for PUP.
- As director of math and science instruction (June 2000 - Aug. 2005), I helped decide what courses would be taught, recruited instructors, and helped write syllabuses.
- As an instructor (Sep. 1998 - Aug. 2004) I taught courses including college algebra, introduction to astronomy, introduction to physics, and topics in mathematics.
